

## NYC real estate in brief

July 07, 2009 01:30PM

### **Brownsville affordable housing complex opens**

L+M Development Partners' new affordable housing complex in Brownsville will celebrate its opening with a ribbon cutting today. The complex, called Prospect Plaza, has 151 units and received more than 2,000 lottery applications. The project received funding in 2007 from the New York State Housing Finance Agency, the state Division of Housing and Community Renewal and Citibank. Magnusson Architecture and Planning designed the complex, which is comprised of 20 four-story townhouse-style buildings and about 2,900 square feet of commercial and retail space.
